

A. [0001] The present application claims the benefit of United States Provisional application number 60/229,260 (attorney's docket number 10006809-1), filed on August 30, 2000, the entire disclosure of which is incorporated by reference herein.

Remarks

The "CROSS REFERENCE TO RELATED APPLICATIONS" section claimed the benefit of the filing date of an unrelated patent application. The referenced application serial number has been changed to correspond to the correct application serial number.

Respectfully submitted,
Harlan A. Talley et al.
